Experience

Company EXP —

1 - RealtorStat

- During my tenure as a full-stack developer for nine months, I assumed leadership of a team comprising nine individuals, spearheading various projects. Throughout my time at the company, from March to December 2022, I diligently honed a multitude of skills, leveraging the support of our Research and Development department.

2 - Dreampotential-org

- During my one-year tenure as a Fullstack developer, I assumed managerial responsibilities, overseeing all projects while concurrently fulfilling my duties as an employee.

Persnal Projects

INSTAGRAM Clone / Project

<https://github.com/Danish-chouhan/FullStack-Projects/tree/master/Instagram-clone>
